Our Story

It all began in the year 1994, when the brothers Shri Ajay Kumar Agrawal and Shri Vishnu Kumar Agrawal collaborated on a mission to provide non toxic and eco friendly colours to make the celebration of the holi festival as joyful and carefree as possible, what started as a small scale manufacturing unit in Hathras supplying products in the nearby regions such as Agra and Aligarh over the years we have grown to multiple large scale manufacturing units and expanded our customer to encompass nearly all of India, we have always strived for maximum customer satisfaction. Over the years we have expanded our operations to other products such as Roli, Hawan Samagri etc. to make pooja offerings as clean and non toxic as possible and we also are a leading manufacturer in the production of Asafoetida (Hing) and other herbs.

We are on a mission to purge the perversion of product quality that has plagued our festival celebrations for a long time, as a testament to our efforts all our holi colours are manufactured in the most eco friendly way possible and all our pooja items are made through the manufacturing methods mentioned in the religious texts to achieve the highest quality possible.

Across the nation our Registered brand Mangal Kalash has become a symbol of purity and quality. We offer wide variety of products at the most affordable prices and best in quality. In the near future we will be expanding our customer base to encompass the whole world not just India.
